Cooling/heating coil

HCW280HK100X

HCW280HK100X

External cooling coil for water connection. Available with round or rectangular connection to match our range of compact VEX units.

PRODUCT BENEFITS

- External cooling surface (water)
- Lowers the temperature of the incoming air
- Can be controlled via EXact2 or via other automation
- Can be supplied in insulated or non-insulated casing

Product description

External cooling coil for water connection – available in insulated or non-insulated housing. The cooling coil is used to decrease the temperature of the supply air.
