#ROOFW/SB10xx
Roof for outdoor installation incl. storm bracket for doors

Reference arguments
Outdoor ready installation package.
The VEX-unit is prepared from factory with an inclined roof for weather protection and storm brackets if the unts has doors. This ensures a wind and weather resistant unit. If the unit is in multible sections each section has a roof and a assembly piese is included in the delivery.
The roof is manufactures in ZinkMaglelis corrosion calss C5.
